EDUCATION

•Bachelor of Technology in Information Technology

AISSMS Institute of Information Technology, Pune

2022-26

CGPA: 8.12

PERSONAL PROJECTS

•Notes Management System

A secure full-stack web-based application for managing personal notes with user authentication and session management.

- Developed a responsive Notes Management System using Spring Boot, Thymeleaf, MySQL, and Bootstrap for creating, editing, deleting, and searching notes.
- Implemented user authentication, session management, user-specific notes, protected routes, duplicate email validation, and modern responsive UI features.
- Technology Used: Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, MySQL, Thymeleaf, HTML, CSS, Bootstrap, JavaScript.

•Blockchain-Based Certificate Verification and Management System

A secure web-based system for issuing and verifying academic certificates using blockchain technology.

- Developed a blockchain-based system for secure certificate issuance and verification using Solana blockchain and Django.
- Technology Used: HTML, CSS, Bootstrap, Django, Solana Blockchain.

•Loan Eligibility and EMI Processing System

A web-based application to check loan eligibility and calculate EMI for users.

- Developed a dynamic loan processing system using Advanced Java technologies to automate eligibility verification and EMI calculation.
- Implemented role-based authentication with user loan application tracking, admin-controlled interest rate management, loan approval/rejection, and EMI calculation based on tenure.
- Technology Used: Advanced Java, JSP, Servlets, JDBC, MySQL, HTML, CSS, Bootstrap, Apache Tomcat.

EXPERIENCE

•Java Development Intern

Pinnacle Labs Pvt Ltd

May 2026 – Jun 2026

Online

- Developed Java-based applications including console-based and GUI-based projects to strengthen practical programming skills.
- Worked on projects such as Quiz Game, Note-Taking Application using Core Java and Spring Boot.
- Gained hands-on experience in Object-Oriented Programming (OOP), event handling, backend development, and database integration.
- Enhanced problem-solving, debugging, and software development skills through practical implementation of real-world projects.

TECHNICAL SKILLS AND INTERESTS

Languages: Java, Python, C/C++, HTML+CSS

Libraries : Bootstrap, Java Standard Libraries

Java Technologies:: Core Java (OOP, Collections, Multithreading), Advanced Java (JSP, Servlets, JDBC), Spring, Hibernate, Spring Boot

Developer Tools / IDEs: Eclipse IDE, Visual Studio Code, Git, GitHub

Frameworks: Spring, Spring Boot, Hibernate

Cloud/Databases:MySQL

Relevant Coursework: Basic Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.

Areas of Interest: Web Design and Development, Programming.

Soft Skills: Problem Solving, Self-learning, Good listener

ACHIEVEMENTS

- ICDECT 2025:** Presented a paper on blockchain-based certificate verification and management. Dec 2025
